Construction Standards

Detailed construction standards are included on the following page.

Standards for Construction

Low-Impact Modes of Transportation Facilities

Note: Circulation Element (Chapter 3), Implementation Program 3.B.d and Park and Recreation Element (Chapter 12), Implementation Program 12.B.d provide guidance for applying the following criteria to individual facilities.

The following standards, based on bikeway design only, may be revised over time. Check for current design standards in the Caltrans Highway Design Manual (Chapter 1000) online at: www.dot.ca.gov/hq/oppd/hdm/pdf/chp1000.pdf

Class I Facility

Facilities with exclusive right-of-way with cross flows by motorists minimized. Chapter 1000 of the California Highway Design Manual defines Class I bikeways as serving the exclusive use of bicycles and pedestrians.

Class II Facility

Provides a restricted right-of-way designated for the exclusive or semi-exclusive use of low-impact modes of transportation with through travel by motor vehicles or pedestrians prohibited, but with vehicle parking and cross flows by pedestrians and motorists permitted.

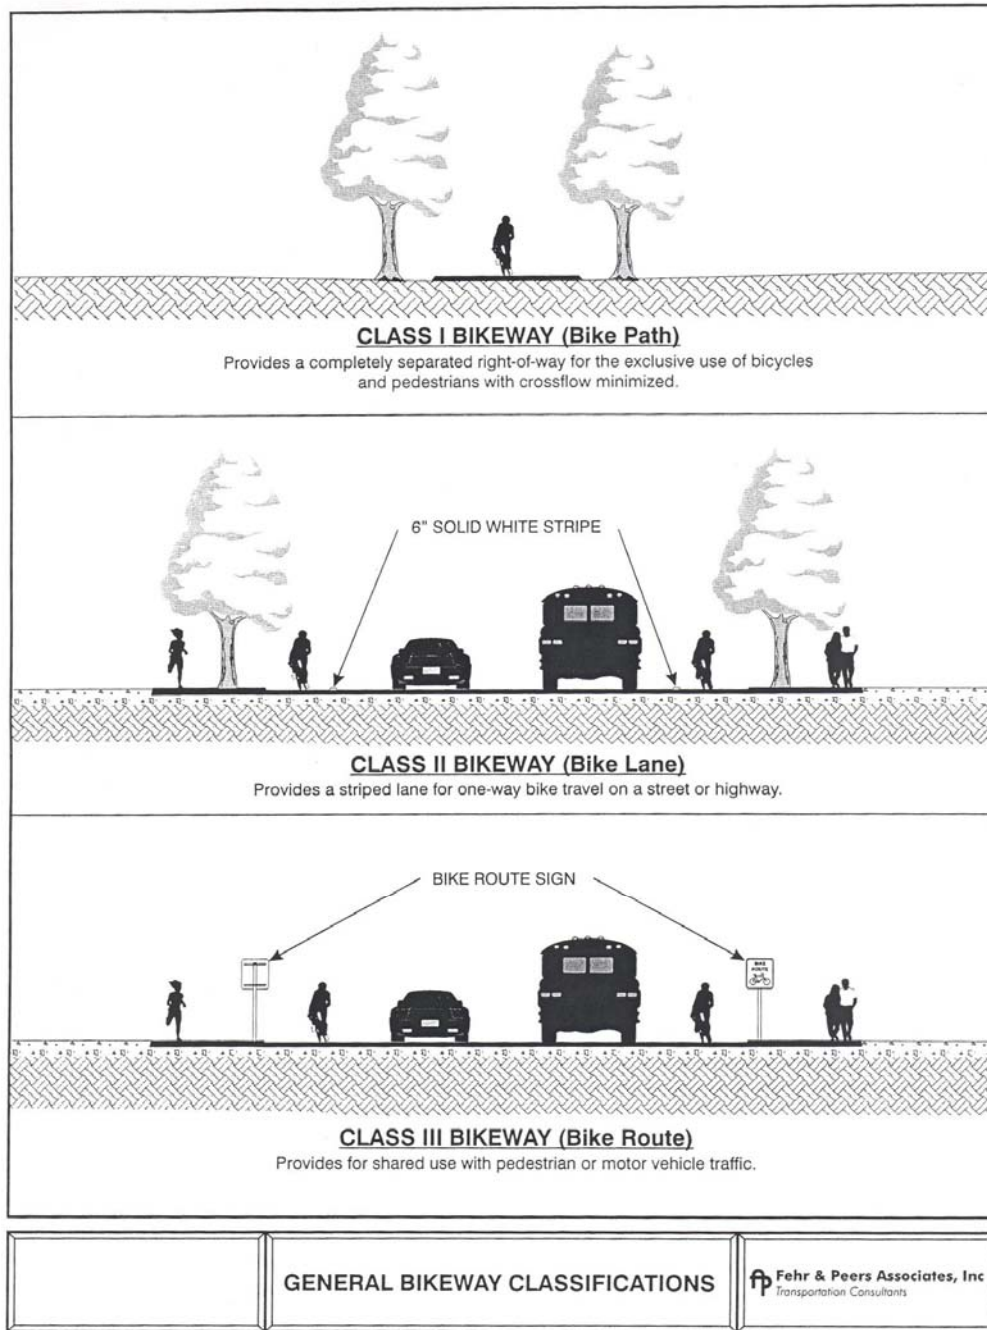

Class III Facility

Provides a right-of-way designated by signs or permanent markings and shared with pedestrians or motorists. Local plans sometimes adopt a policy that this facility class not be used.

Community Benefits

- Socializes & exercises dogs in a safe environment
- Promotes responsible pet guardianship
- Provides elderly & disabled people with an accessible place to exercise their companions
- Enables dogs to legally run off-leash
- Promotes public health and safety
- Provides a tool for realistic enforcement of dog control laws

Things to Consider Before Developing a Dog Park

- Appropriate site selection
- Noise
- Maintenance and health concerns
- City Support
- Traffic
- Supervision of Park

The Ideal Dog Park is Designed to Include:

- Concern for the environment
- 1 acre or more surrounded by a 4' to 6' secure fence
- Entry - double gated
- Shade & water
- Adequate drainage
- Parking close to site
- Grass area - routine mowing
- Covered garbage cans with regular trash removal
- Waste scooper stations
- Benches
- Wheelchair access
- Safe location - not isolated
- Regular maintenance

The Role of a Dog Park Group

- Raise funds for amenities
- Monitor use
- Clean-up
- Serve as communications liaison with city, neighborhood and dog handlers
